A 2. The Board considers that the employment of a lower division clerk for two months instead of 3 months recommended by the Collector would be sufficient to cope with the increased work during the ensuing harvest in Hospet. It accordingly requests that the Government may be pleased to sanction the employment of an additional lower division clerk in the Rationing Office, Hospet ~~may be sanctioned~~ for a period of two months from the date of appointment or till the necessity for the employment ceases whichever is earlier as was sanctioned last year in their order cited.

I enclose a copy of the report of the Rationing Officer, Hospet, referred to above. I agree with the Rationing Officer and recommend that one additional Lower divisional clerk may be sanctioned for the Rationing Officer's office for a period of three months from 15-11-50 to 14-2-51 to cope up with the increase of work during the harvest season in the Hospet Rationed area. Last year also a clerk was sanctioned for a period of 2 months in G.O. Ms.1586 (Food and Agriculture) dated 10-12-49 communicated in B.P.Rt.No.2010/49 dated 13-12-49.

Sd.
FOR COLLECTOR.

Copy of Ref.No.800/50 dated 4-10-50 of the Rationing of Hosnet.

Sub: Establishment Civil Supplies - Rationing - Bellary district - Hospet - Rationing Office - Additional clerk for harvest work - Employment sanction proposals - submitted.

In G.O. No.ms.359 dated 28.2.50 communicated with Collector's reference 2238/50-N.4 dated 9.3.50 a staff consisting of one upper division clerk, 6 lower division clerks, 3 enquiry officers, 1 checking inspector one attender and 3 peons was sanctioned to be retained till the end of 31-3-1951.

2. Out of the out door staff of 3 Enquiry Officers and one Checking Inspector sanctioned for retention in G.O. Ms.No.359 dated 28.2.50, the Government were pleased in their G.O. No.1.s.496 (Food and Agriculture) dated 18-3-50 communicated in B.P.Rt. No.402/50 dated 24-3-50 and Collector's D.Dis.1391/50-N.4 dated 28.3.50 to sanction the conversion of the post of one enquiry officer into that of a checking inspector (in the grade of a Lower division clerk).

3. I submit that after giving effect to the orders of conversion of the post one enquiry officer into that of a checking inspector, the number in the staff for out door work is 2 Checking inspectors and 2 Enquiry officers.

4. Six lower division clerks sanctioned for 1950-51 are tightened up with office work as noted below:-

One clerk attends the Enquiry counter for the receipt of applications for temporary and permanent cards etc., The second clerk attends to the work in house hold section for the issue of permanent and temporary cards. The third clerk attends to the work in establishment section (i.e.) passing indents of retailers and establishments and preparation of statistics. The fourth clerk attends to the maintenance of records forms and stationery. The fifth clerk attends to fair copying and despatch of office correspondence. The sixth clerk attends to the work in land-holder's section.

P.T.O.

5. The harvest of millets in this area commences from about the beginning of November and the harvest of paddy from December 1950. Applications for permits for the import of rationed articles from the fields in and around Hospet by the lessees and pattadars will commence to be received in this office from the beginning of November. The receipt of applications for permits for the import of rationed articles will continue till March 1951 as paddy raised late in the season is harvested in March.

For the year 1949-50, 1750 applications were received in this office for issue of permits for the import of rationed articles. It is expected that there would be increase in the number of applications this year.

6. The applications for permits have to be received and disposed of promptly without giving scope for complaints from the ryots of the loss or delay in the rationed articles harvested by them. To ensure the prompt and speedy disposal of applications for permits the services of an additional lower division clerk are keenly felt.

7. As submitted in paragraph (4) above none of the outdoor staff can be placed in additional charge of the increased work nor can any clerk of the office staff be placed in charge of the increased work as the normal office work would be hampered. In view of this the services of an additional clerk are essential to cope with the increase in work during the harvest season in this area.

8. In this connection I submit that for year 1949-50 the employment of an additional lower division clerk was sanctioned for a period of 2 months in G.O.Ls.1586 (Food and Agriculture) dated 10-12-49. Communicated in B.P.Lt.No.2010/49 dated 13-12-49, and Collector's Rc.No.15482/49-N.4 dated 16-12-49. I request that the Board of Revenue may please be addressed for sanctioning the appointment of a lower division clerk to cope with the increase of work during the Harvest season from 15-11-50 for a period of 3 months i.e. till 14-2-51 instead of for a period of 2 months as was sanctioned for the year 1949-50.

9. I further submit that the employment of an additional clerk for a period of 3 months is necessary in view of the fact that applications for permits etc., have not only to be disposed of promptly but also declarations of stocks have to be obtained surplus have to be determined and procured. The branch of the work of harvest clerk i.e. the determination of surplus and procurement will be after the ryots import rationed articles and declare their stocks.

I therefore request that orders may please be obtained for the employment of an additional lower division clerk for a period of 3 months from 15-11-50.
